Taban Salim Saleh

Busanzi A, Bugiri District, Uganda

Phone: +256-748-409-883, Email: tabansalimsaleh@gmail.com

Professional Summary

I am a dedicated secondary school teacher of Mathematics and Physics, with a proven track record of improving student performance. Experienced in implementing modern teaching methodologies that align with Uganda's educational standards. I am passionate about fostering a positive and supportive learning environment that encourages academic growth and student success. Additionally, I am a passionate web developer majoring in **Frontend Web development,** bringing ideas to life through carefully crafted digital products.

Career Objectives

I intend to become one of the most influential digital creators in Uganda and worldwide, making positive impact to businesses in Uganda and all over the world through seamless digital solutions. I am committed to growing professionally and advancing my tech career by staying current with new technologies and best practices and continuous professional development.

Also, as corporate social responsibility I am passionate about giving back to the community by passing on the same digital skills to other youths out there through my teaching skills which I already possess professionally. I believe this could change livelihoods of many young people in the country.
